STATE OF TEXAS

COUNTY OF CAMERON

On this 27th day of February, 2007, appeared before me Geral W. Sosbee, an individual known personally to me to be the person who affixed his signature to this document below and who, being by me first duly sworn on his oath, deposed and said: “My name is Geral W. Sosbee; I am over the age of 18 years. I am fully competent in all manner to make this affidavit. The information contained in this affidavit is within my personal knowledge, and is true and correct. I am referred to below as Affiant.

I have documented by direct and incontrovertible evidence and personal testimony the criminal activities of dozens (or perhaps hundreds) of agents, operatives and handlers of the FBI and the CIA of the United States of America, including, but not limited to the following:

A. Obstruction of Justice, Suppression of Evidence, Perjury, Fabrication of Evidence, Criminal Conspiracy, Conspiracy to Violate and the Violation of Civil Rights, Attempted Extortion, Attempted Blackmail, False Arrest, False Imprisonment, Fraud Burglary, Robbery, Felonious Assault and Battery, Destruction of Personal Property, Petty Theft, Theft of and Tampering with U.S. Mail and a variety of other high crimes and misdemeanors as further described in paragraph “B” below.

B. Abuse of civil process, home and car invasions facilitated by physical and wireless electronic surveillance in home and car and further enhanced by the use of a tracking device implanted in the person of the human experimentee, the Affiant; the surveillance of Affiant is ineffect as this affidavit is written and has been in effect twenty four hours a day, seven days a week, three hundred and sixty-five days a year, without cessation and without interruption for well over nine years world wide; all such invasive surveillance is accompanied by various terrorist acts against the Affiant as further described in paragraph “C” below.

C. Repeated assault and battery on the person of the Affiant by street thugs and by the use of high technology authorized by the United States Government under a program known as Non-consensual Cover Research and Human Experimentation; in this program the FBI and the CIA perform a wide variety of terrorist assaults on the Affiant; one such assault is accomplished by the injection (or placing) into the Affiant various chemicals, bacterial and viral infections; concomitant with the chemical and biological assaults the FBI and the CIA activate against the Affiant advanced Remote Electronic Human Behavior Influence Technology including psychoelectronic and directed energy assaults sometimes coordinated with fraudulently conceived and illegally carried out (with local police authorities world wide) attempted criminal sting operations designed to lead to the imprisonment or death of the Affiant; also in conjunction with such hi- tech experimentations the Affiant is subjected to FBI and CIA psychological operations (including conditioned response and operant conditioning techniques) which are all designed to cause the Affiant to have a nervous breakdown, physical collapse or to otherwise seek final exit from the torturous campaign, the effects of which are often viewed in real time by the FBI and CIA tormentors who actually watch on computer screens the Affiant react to the injurious and painful dirty tricks and provocations described herein; all such treasonous, inhumane and covert operations are carried out with the full support of all government entities at every level of society as further explained in paragraph “D” below.

D. All three branches of the United States Government (and segments of the community at large) are compliant with the mandates of FBI and CIA terrorist assaults as described above and all government officials at the local, state and federal levels pretend that no such criminal activity as described in the instant affidavit may occur; thus, to date the Congress of the United States, the entire Judiciary and each and every employee of the Executive branch of the government of the United States of America may directly or indirectly support the terrorist activities of the FBI and the CIA as set forth herein and as further amplified in paragraph “E” below.

E. I hereby incorporate by reference into this affidavit and thereby make a part herein as though fully reproduced herein for all purposes the contents of my website (and related links and statements by Affiant therein) located at www.sosbeevfbi.com; this incorporation includes all statements, documents and other corroborating evidence provided, obtained or authorized by Affiant, including all updates by Affiant at www.newciv.org and any other internet site to date.

I hereby further certify and affirm under penalty of perjury of the laws of the United States and the laws of the state of Texas that all statements, including those incorporated by reference and made a part herein for all purposes as though fully reproduced herein are true and correct and that all documents (including those incorporated by reference) are true and correct copies of originals and that they are what they purport to be to the best of my knowledge and ability.

Further, Affiant sayeth Naught.”

Dear President Bush,

On April 3, 2003, I found an intruder (biker type- wearing a head bandana, leather jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. I am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

Since retiring as the Senior Special Agent in Charge of the FBI Los Angeles Division in 1979, I have publicly exposed pedophilia, murder, child kidnapping, and other nefarious criminal activity on the part of individuals both in and out of government circles; much of which has been covered up or ignored by those responsible for investigating these allegations.

Dear President Bush

On April 3, 2003, I found an intruder (biker type- wearing a head bandana, leather Jacket, and chains attached to his belt) in the basement of the apartment complex where I am presently staying in Los Angeles. After seeing me, he bolted through the front door of the building and disappeared. I filed a police report. [am making this incident a matter of record with a number of government agencies and the news media because this appears to be yet another surveillance of me.

Since retiring as the Senior Special Agent in Charge of the FBI Los Angeles Division in 1979, T have publicly exposed pedophilia, murder, child kidnapping, and other nefarious criminal activity on the part of individuals both in and out of government circles; much of which has been covered up or ignored by those responsible for investigating these allegations.

In the past, there have been attempts to frame me for alleged criminal activity, individuals have been 'planted' on me and there have been attempts on my life. More recently, I have been the target of a disinformation/smear campaign spearheaded by an FBI informant. In addition, I have been the victim of periodic surveillances, illegal entries into my home and vehicle, and illegal telephone taps (I have proof.)

My most noted investigations, which I am sure are the reasons for this harassment, include documentation that the FBI furnished the ingredients for the bomb in the February 1993 World Trade Center bombing (NY Times Oct. 28, 1993), a cover-up of the Oklahoma City bombing in April 1995 (at least eleven other persons involved besides Tim McVeigh and Terry Nichols), and most recently, documentation that the FBI bad advance knowledge of the 9-11 terrorist attacks and failed to take appropriate preventative action.

I compiled a 24-page report concerning the FBI's pre-knowledge of the 9-11 attacks in January of 2003 and I distributed to more than 200 members of the Legislative and Executive Branches of the U.S. government (including U.S Attorney General John Ashcroft and Secretary of State Colin Powell) and Mr. Lee Hamilton, co-chair of the recently formed 9-11 Presidential Committee to investigate the attacks.

I told Mr. Hamilton that my source, Mr. Michael Riconosciuto, possessed important, critical, and timely information about terrorist activity in the United States and that he should be debriefed immediately. Thus far, Mr. Riconoscito has not been interviewed and I have been ignored.

I [Ted Gunderson elderly FBI retiree] am making the April 3, 2003 surveillance incident a matter of record as I have no intention of becoming another 'victim' such as Bill Colby (former CIA Director) or Dan Casolaro (journalist) Both men were murdered in spite of the "official" reports that state otherwise.

These measures include identifying and exposing individuals in the satanic cult drug network operating within the United States, with ties to top level officials - including politicians, judges, law enforcement, U.S. intelligence agents, and professional business men and women.

If anything happens to me, my family, or my close associates- including my attorney (former Nebraska State Senator, John DeCamp), Susan Ford, or other individuals within my informational network, the names of the leaders of the cult/drug network and additional information concerning their activities will be released to the public.

Regarding Mr. Coby, he did not drown and he did not commit suicide- he was murdered, shot in the head. [later elsewhere Gunderson and others assert Ice bullet and or cow head impact devices.]

Cabazon murders

Nathan Baca's Emmy winning series "The Octopus Murders" featured documents from the archives of Michael Riconosciuto. These documents have been the subject of interest for recently reopened cold case homicide investigations.

Inslaw Affair

In early 1991, Riconosciuto filed an affidavit before a House judiciary committee investigating the bankruptcy case of Inslaw Inc. v. United States Government. Riconosciuto was called to testify before Congress regarding the modification of PROMIS, a case-management software program that had been developed for the Department of Justice by Washington, D.C.-based Inslaw Inc.[15] Riconosciuto declared that he had been under the direction of Earl Brian, who was then a controlling shareholder and director of Hadron, Inc.

He claimed that Brian, an associate of Ronald Reagan, was involved in a secret agreement with the Iranian government to delay the release of Americans held hostage in Iran until after the 1980 United States presidential election, and that the software was stolen in order to raise funds for Brian's payment.

Within eight days of this declaration, Riconosciuto was arrested for conspiracy to manufacture, conspiracy to distribute, possession with intent to distribute, and with distribution—a total of ten counts related to methamphetamine and methadone.

During his trial, Riconosciuto accused the Drug Enforcement Administration of stealing two copies of his tape. Riconosciuto also stated that he himself had disposed of a third tape.

In addition to his claims of a government "frame up" related to Inslaw, Riconosciuto maintained that the chemical laboratory on his property was in use for the extraction of precious metals such as platinum in a highly specialized mining operation.

No drug-lab contamination was found at the laboratory site and a member of the DOE's Hazardous Spill Response Team asserted that high barium levels on the property were unlikely to be the result of Riconosciuto's work.[20] Barium does have specialized usage for metallurgy with regards to the processing of platinum group metals.

John David Ashcroft (born May 9, 1942) is an American lawyer, lobbyist and former politician who served as the 79th U.S. Attorney General in the George W. Bush administration from 2001 to 2005. A former U.S. Senator from Missouri and the 50th Governor of Missouri, he later founded the Ashcroft Group, a Washington D.C. lobbying firm.

Ashcroft previously served as Auditor of Missouri (1973-1975) and Attorney General of Missouri (1977-1985). As Missouri Governor (1985-1993), he was elected for two consecutive terms (a historical first for a Republican candidate in the state). He also served one term as a U.S. Senator from Missouri (1995-2001). Ashcroft had early appointments in Missouri state government and was mentored by John Danforth. He has written several books about politics and ethics. Since 2011 he sits on the board of directors for the private military company Academi (formerly Blackwater) and is a professor at the Regent University School of Law, a conservative Christian institution affiliated with televangelist Pat Robertson; he has also been a member of the Federalist Society.

His son, Jay Ashcroft, is also a politician, serving as Secretary of State of Missouri since January 2017.

In December 2000, following his Senatorial defeat, Ashcroft was chosen for the position of U.S. attorney general by president-elect George W. Bush. He was confirmed by the Senate by a vote of 58 to 42, with most Democratic senators voting against him, citing his prior opposition to using forced busing to achieve desegregation, and their opposition to Ashcroft's opposition to abortion. At the time of his appointment he was known to be a member of the Federalist Society.

In May 2001, the FBI revealed that they had misplaced thousands of documents related to the investigation of the Oklahoma City bombing. Ashcroft granted a 30-day stay of execution for Timothy McVeigh, the man sentenced to death for the bombing.

In July 2001, Ashcroft began flying exclusively by private jet. When questioned about this decision, the Justice Department explained that this course of action had been recommended based on a “threat assessment” made by the FBI. Neither the Bureau, nor the Justice Department would identify the specific nature of the threat, who made it, or when it happened. The CIA were unaware of any specific threats against Cabinet members. Ashcroft is the

only Cabinet appointee who travels on a private jet, excluding the special cases of Interior and Energy who have responsibilities which require chartered jets.

After the September 11, 2001 attacks in the United States, Ashcroft was a key administration supporter of passage of the USA Patriot Act. One of its provisions, Section 215, allows the Federal Bureau of Investigation (FBI) to apply for an order from the Foreign Intelligence Surveillance Court to require production of "any tangible thing" for an investigation. This provision was criticized by citizen and professional groups concerned about violations of privacy. Ashcroft referred to the American Library Association's opposition to Section 215 as "hysteria" in two separate speeches given in September 2003.

While Attorney General, Ashcroft consistently denied that the FBI or any other law enforcement agency had used the Patriot Act to obtain library circulation records or those of retail sales. According to the sworn testimony of two FBI agents interviewed by the 9/11 Commission, Ashcroft ignored warnings of an imminent al-Qaida attack.

Subject; OPEN LETTER TO U.S. ATTORNEY GENERAL JOHN ASHCROFT [Ashcroft and Patriot a threat to the USA's safety]

August 29, 2003

Dear Attorney General Ashcroft:

On August 19, 2003 you announced that repealing the USA PATRIOT Act, which you claim boosts law enforcement's ability to investigate terrorism, would endanger Americans.

You stated "*to abandon this tool would disconnect the dots, risk American lives, sacrifice liberty and reject September 11's lessons.*"

You announced a national campaign to defend the act and your plan to visit more than a dozen cities, but you would not held public forums. Your speeches will be choreographed tightly before law enforcement officials only. You are quoted as stating "*If we knew then what we know now, we would have passed the Patriot Act six months prior to September 11 for Congress to have done less would have been a failure of government's basic responsibility... to preserve life and liberty.*"

As a retired Senior Special Agent in Charge of the FBI's Memphis, Dallas and Los Angeles divisions, I am compelled to distribute the enclosed January 7, 2003 report that contains information furnished to me by Mr. Michael Riconosciuto on January 3, 4 and 5, 2003. This report was sent to your office on January 28, 2003. I am now distributing it to the Chiefs of Police, Sheriffs, city councils and the news media in the cities that have been or will be visited by you in the next few days, according to your published schedule.

Attached to this report is my ADDENDUM dated August 29, 2003, with several itemized exhibits.

In January 2003, I furnished this report to 155 senators and members of Congress, every committee on the hill, Mr. Lee Hamilton, cochairman of the President's 9-11 committee and numerous members of the executive branch of the United States (U.S.) government. President Bush was furnished a copy last April.

To summarize, in January 2001, eight months prior to 9-11, Mr. Michael Riconosciuto, who has been a U.S. intelligence agent for years, developed information about imminent terrorist attacks against the United States. On March 20, 2001 he furnished FBI Special Agent (SA) Keith Cutri of the FBI's Williams- port, PA Resident Agency the identity of an individual in Patterson, NJ who:

- Was coordinating forthcoming terrorist attacks on the United States.

- Had information on the movement of Soviet-made shoulder-fired missiles into the United States.
- Was coordinating forthcoming skyjackings.
- Was coordinating bombings and espionage.
- Knew the identities of “sleepers” in the United States and overseas.

Keith Cutri is a tech-savvy law enforcement official, and thought leader on global anti-counterfeiting and brand protection, with extensive private-sector marketing and management experience. Cutri has held both State and Federal law enforcement positions, and he has managed several corporate security investigation organizations, directed sales and marketing efforts, and implemented complex solutions across both government and private industry stakeholders. He has received numerous awards, commendations, and accolades throughout his career. https://www.linkedin.com/in/keithcutri/

Mr. Riconosciuto also furnished information that 6 planes were to be hijacked by 30 terrorists, and the targets, other than those hit on September 11, 2001, were the Capitol Building, the Statue of Liberty and the White House. He also furnished information about a false identification ring in Montreal, Canada and New Jersey, and advised that he could furnish the true names and false identities of the 30 terrorists who had been chosen for actions inside the United States, if he and his contacts were given immunity.

(Redactions beginning on page 2 of the enclosed January 7, 2003 report are for protection of Mr. Riconosciuto’s confidential source and his allies. You have a copy of the uncensored report.)

With Riconosciuto's credentials acclaimed by Congress and the Grand Jury, he further stated that he facilitated the laundering of CIA funds via his expertise in manipulating electronic data transmission equipment. This included the transfer of funds which were involved in the October Surprise payment to the Ayatollah Khomeini's regime in Iran. He said he was also responsible for the manner in which caused the interdiction of funds from the sale of Red Chinese gold and the manner in which large sums of CIA funds were secreted and knowledge of where those funds are located.

"The information available on my computer equipment would also tend to prove and show that the above described treasonous deals are related to the ongoing international scandals involving the *Bank of Credit and Commerce International* (BCCI) and the Banca Nazionale del Lavoro and that crucial features of said deals are centered in Chicago and involve the courts and prosecutors in Chicago," he stated.

Phone: (337) 344-8876

I, Ted L. Gunderson, hereby swear under the pains and penalties of jury that the following statements are true and correct:

…

1. My name is Ted L.. Gunderson. I am the owner and operator of *Ted L. Gunderson & Associates*, an international security and consulting firm based out of Santa Monica, California. I am currently a licensed private investigator in the state of California. I have performed private Investigation and security work for numerous individuals, companies, and governments worldwide since founding my firm in 1979. I have worked for, amongst others, F. Lee Bailey, Esq., The California Narcotics Authority by appointment of Governor Jerry Brown, The 1984 Los Angeles Olympic Committee, and The 1979 Pan American Games in San Juan, Puerto Rico by appointment of then U.S, Attorney General Griffin Bell.

2. Previous to my [Ted Gunderson's] work as a private investigator I spent nearly three decades in the F.B.L. Between 1951 and 1960 I was an F.B.I. Special Agent. In 1960 I was promoted as a supervisor at F.B.1. Headquarters in Washington, D.C., where Twas in charge of *Organized Crime and Racketeering* investigations covering 26 F.B.I Field Offices nationwide.

   Following the assassination of President John F. Kennedy I was re-assigned to Special Inquiry White House Matters at F.B.I. Headquarters. In 1965 I was promoted again to Assistant Special Agent-In-Charge of Internal Security and Anti-Terrorism of the F.B.I. New Haven, Connecticut Field Office.

   In 1970 I was promoted to Assistant Special Agent- In-Charge of the F.B.L. Philadelphia, Pennsylvania Field Office.

   On July 12, 1972 1 successfully negotiated with two terrorist hijackers of National Airlines Flight 496 for the release of 119 passengers at Philadelphia International Airport: In 1973 I was promoted to Chief Inspector at F.B.I. Headquarters. also served as Special Agent-In-Charge of the F.B.I. Memphis and Dallas Field Offices. I retired from the F.B.I, as Senior Special Agent-In- Charge of the Los Angeles Field Office of the F.B.I. with over 700 employees and a budget of over 22 million dollars in 1979.

3. I have read the Complaint in the current action of Mr. Keith Labella against F.B.I. and D.O.J., It is my professional opinion, based on information, knowledge and belief that the information sought by Mr. Labella in this F.O.I.A suit regarding “gang stalking”, “gang stalking groups” and “gang stalking methods” reasonably describes an ongoing, active, covert nationwide program that is in effect today, and, based on my investigations and experience, has been operational since at least the early 1980’s. Since the 1980°s gang stalking has increased in scope, intensity and sophistication by adapting to new communications and surveillance technology. These programs are using the codenames Echelon Program, Carnivore System, and Tempest Systems.

   The Echelon Program is administered by the N.S.A. out of Fort Meade, Maryland, and monitors all email and phone calls in the world. Carnivore System is administered by the N.S.A. out of Fort Meade, Maryland, and can download any computer system without being traced or otherwise known to the owner. Tempest Systems can decipher what is on any computer screen up to a quarter of a mile away.

   These programs are negatively impacting thousands of Americans and severely abusing their civil rights on a daily basis.

4. Based on my investigative work, which includes intelligence from sources such as active and former members of the Intelligence Services (including the FBI, the CLA, the N.S. A and Military Intelligence), information from informants active in criminal enterprises, and, victim testimonies, I have come to the conclusion that thousands of victims have been targeted by an illegal government rogue criminal enterprise that is active 24 hours a day within the U.S. This conspiracy is far too active to be controlled or operated by private enterprise whose goals are achieving financial gain.

   These operations require extensive financing with no return on the investment. This program’s operations are financed by illegal black operations, i.e., narcotics, prostitution, child kidnapping (children sell at covert auctions for up to $50,000 per child), human trafficking, gambling and other rackets.

5. I have documentation and know that throughout the U.S., operating 24 hours-a-day and 7 days-a-week, there is a Central Command, located within the U.S., with multiple satellite offices, whose administrators can instantly initiate surveillance, phone taps and harassment against any individual in the country.

   They have the technology, financing and manpower to dispense illegal surveillance and harassment against anyone at any time, day or might. I have files on numerous cases of active, programmatic, illegal government harassment currently being conducted against thousands of

Americans. This makes the F.B.I.'s former COINTELPRO program, which I worked on, including in a supervisory capacity, look like a Sunday school program by comparison.

6. I firmly believe that most individuals working in the F.B 1, other intelligence agencies, and the government overall are honest, law-abiding public servants. However, a sophisticated network of rogue operatives has secretly infiltrated the F.B.1,, other intelligence agencies including the C.I.A, and other key government positions.

   This rogue element seeks personal power and wealth and considers themselves above the law and the Constitution. They are carrying out the aforementioned surveillance and harassment activities in conjunction with organized crime, the cult movement in America including Satanic cults, other commercial and political interests, and even misguided civic organizations and neighborhood groups.

   This illegal surveillance and harassment program is being called gang stalking and organized stalking by the victims targeted by it.

   The victims are targeted for a variety of reasons including government and corporate whistleblowers, parties to financial and employment disputes, parties to marital disputes (usually divorced women), and even jilted paramours. Journalists covering controversial issues, and, even attorneys and private investigators representing unpopular clients or interests, have been targeted by this program.

7. Individuals targeted by this program have been subjected to illegal and unconstitutional phone taps, illegal re-routing of business and private phone calls for purposes of harassment, illegal audio "bugging", surreptitious entry into home, office, and vehicle, visual surveillance in the home conducted by illegal placement of miniature remote, wireless cameras (often accessible via internet), illegal internet spyware, illegal GPS tracking (often through their own mobile phones), regular fixed and mobile surveillance, mail misdirection, mail theft and tampering, financial and employment sabotage, slander campaigns and community ostracizing , internet disinformation and smear campaigns, poisoning, assaults and murder, illegal set-ups on ding charges and other felony charges, amongst many other civil rights abuses.

8. In addition to high-ranking members of the F.B.L., other intelligence services, and the government overall, wealthy, powerful members of criminal syndicates, multi-millionaires and the corporate elite are using the government gang stalking program to harass enemies.

   They can get a targeted individual harassed for the rest of that individual's life (individual cases of gang stalking lasting for over a decade are common).

   The higher status members of the gang stalking conspiracy initiate the gang stalking and coordinate logistics and funding. Lower echelon government rogue operatives, lower ranking members of the military (in violation of Posse Comitatus), petty criminals and street thugs perform the actual grunt work of daily monitoring and harassment of individuals targeted by the program.

9. Based on my professional experience, extensive intelligence information and belief, it is my professional opinion that the F.B.I is involved in and has investigative files on the subject of gang stalking, related gang stalking methods, and gang stalking groups in the F.B.I's vast intelligence files, that are responsive to Mr. Labella's F.O.ILA. Complaint. Furthermore, I have personally referred numerous victims of gang stalking to the appropriate agents at the F.B.I. for investigation of their cases. I have also furnished the F.B.I. with documentation of an active, international child kidnapping ring probably operated by rogue C.I.A. agents.

   The F.B.I has ignored my requests to investigate even though it is their responsibility to investigate kidnappings. I have a contact in Germany who advises me that the C.I.A. has set up secret operations on U.S. military bases for the kidnapping, sale and trafficking of children worldwide. The FBI may be using a unique codename and nomenclature for the gang stalking phenomenon in its records. However, this is a semantic difference, and, in no way changes my professional opinion that the F.B.I. has investigative files on the nationwide phenomenon of gang stalking described in reasonable and specific detail in Mr. Labella's F.O.L A. Complaint.

   These F.B.1. files contain information responsive to Mr. Labella's F.O.L.A. Complaint regarding the subject of gang stalking. The F.B.1. and other intelligence agencies are administering and covering up the rogue, covert, government criminal enterprise of gang stalking. The gang stalking phenomenon appears in the records of both the F.B.1. and the N.5.A. in their records pertaining to the Echelon Program, Carnivore System, and Tempest Systems.

   In addition, the gang stalking phenomenon appears in the records of both the F.B.I. and the N.S.A. in their records pertaining to information collected by Narus systems. Narus is a wholly owned subsidiary of defense contractor Boeing that produces sophisticated, mass surveillance computer systems currently being used by both the F.B.L. and the N.S.A.

NOTARY

A weave of data from Ed Donegan and Ted Gunderson confirmed by Jen Moore

Ted Gunderson asserts of shots fired at his family, being poised by FBI higher-ups, violent thugs in concert with police conducting thug attacks, etc.,

Individuals targeted by this program have been subjected to illegal and unconstitutional phone taps, illegal re-routing of business and private phone calls for purposes of harassment, illegal audio "bugging", surreptitious entry into home, office, and vehicle, visual surveillance in the home conducted by illegal placement of miniature remote, wireless cameras (often accessible via internet), illegal internet spyware, illegal GPS tracking (often through their own mobile phones), regular fixed and mobile surveillance, mail misdirection, mail theft and tampering, financial and employment sabotage, slander

campaigns and community ostracizing, internet disinformation and smear campaigns, poisoning, assaults and murder, illegal set-ups on pending charges and other felony charges, amongst many other civil rights abuses.

In addition to high-ranking members of the F.B.I., other intelligence services, and the government overall, wealthy, powerful members of criminal syndicates, multi-millionaires and the corporate elite are using the government gang stalking program to harass enemies.

They can get a targeted individual harassed for the rest of that individual's life (individual cases of gang stalking lasting for over a decade are common).

The higher status members of the gang stalking conspiracy initiate the gang stalking and coordinate logistics and funding. Lower echelon government rogue operatives, lower ranking members of the military (in violation of Posse Comitatus), petty criminals and street thugs perform the actual grunt work of daily monitoring and harassment of individuals targeted by the program.

Ed Donegan and Jen Moore assert the same

I first noticed Stalking and surveillance of me in 1978 or so and saw it used on my mother in the 1970's not knowing what it was and myself even more intensively in 1983.

I assert at least one food poisoning one by syringe into food, another by dirty bomb and I suspect about five other, at least fifty standoffs with stalkers usually with rifles or guns, and perhaps as many of 10's of thousands of violent street thugs as abusive stalkers with insane accusations and smear and attack abusiveness towards me.

Nothing to do with reality in any way, but people act like it ever was or is. Some may believe it because they investigate non-pejorative facts like Where Were You an Hour Ago or One What Day is Your Birthday.

In their minds or the minds of those investigating that information it is a link to an accusation. I stand by the fact I am not engaging in misconduct and being born November 18 or being anywhere I am during the day is incriminating to me whether that is investigated as true or not.

Sexually Abusive Rough Noise to Disrupt and Confuse and to incite conflict and blow-back

Tactics used by Charivari (Rough Music) Gang Stalkers

Tactics of Predatory Gangstalking include highly coordinated surveillance (hidden cameras, conversation bugging in private aswell as public), harassment, and psychological, psychosocial, financial, and sometimes physical assaults on an individual by a large group of people who are often strangers to the targeted individual.

ANCHORING, BAITING, AND MANUFACTING FALSE NARRATIVES ATTACHED TO OBJECTS OR EVENTS

Anchoring is a technique employed by stalkers to implant a false motivation or reason behind the stalking, preventing the victim from discovering the truth. In more sinister examples, Anchoring involves the implantation of evidence to persuade the victim some other group or organization is responsible for the abuse.

Baiting such as provoking conflict by manufacture of condition in some way or another hostile and in need of being corrected, even by initiating crime hoping for a fight the victim of the fight was led into as a trap

The term “Baiting” is a stalking tactic used to lure a victim into environments, or situations, which cause further problems to the victim. Often “Baiting” involves tricking a victim into committing a crime or unknowingly engaging in an illegal activity such as assault. They trick the victim into thinking an innocent bystander is the culprit of their harassment and try to compel the victim into assaulting the person.

BRIGHTING

Brighting is a term jokingly referred to by stalkers to indicate the practice of repetitive flashing of a car’s high-beam headlights. The victim is usually followed and may be “flashed” from either a “tail-gating” vehicle or a passing or on-coming one. “Brighting” also occurs when bright lights are flashed into a victim’s home-windows. The conduct of flashing lights is out of any normal conduct, a flashign light is strong stimuli and when the out of place conduct comes from unidentified strangers it should be worrisome Electronic Harassment

Electronic Harassment icluding susiciously timed and interupting inbound phone o rother inbound activity such as engine overtaching or horns honking in the area or skiddign of cars is the use of technological devices to spy on or cause harm to targeted victims. For example, exposure to a high magnetic field has been shown to induce hallucinations in humans while exposure to intense microwave radiation induces psychotic episodes and causes brain damage.

A frequent form of Electronic Harassment involves beaming a low frequency “hum” or “tone” into a victim’s home or general area. Over time, the exposure causes the victim to lose sleep, become agitated, and suffer the effects of prolonged stress. Such tactics are also being used in cases of hostage situations as well as covert government operations. These forms of magnetic fields can be caused by technological or preternatural means.

GHOSTING

The term Ghosting refers to the practice of rearranging, or moving, of a victim’s home furniture, lawn decorations, desk decorations at work, etc. The purpose of Ghosting is to make a victim question his or her sanity. Ghosting is also designed to make other’s question the sanity of the victim, especially if the victim attempts to complain of the abuse. Coincides with evidence plants as Black Bag Jobs to damage and disparage or malign a persons home by home invasion. During surveillance or recon of a home works in progress can be stolen and used by other including literary works.

MOCKING, MIMICRY AND MIMICRY IN FURTHERANCE OF IDENTITY THEFT AND PSYCHOLOGICAL HARASSMENT ABOUT WHETHER A PERSON IS OR ISN’T A STALKER ENGAGING IN MIMICRY

Mimicry is a specialized form of harassment in which the stalkers publicly imitate every movement made by the victim. This shows an aspect of the trickster. It is a manifestation of the true source of the stalking.

NOISE CAMPAIGN

A Noise Campaign is an orchestrated effort to produce stress in a victim through prolonged exposure to significant noise levels. A Noise Campaign can range from multiple neighbors routinely playing loud music, individual stalkers with air-horns or fireworks, or organized “repair work” that involves a high level of noise or Rough Noise, annoying noise and as loud stimuli

SENSITIZATION

Sensitization is a psychological term referring to the forced association between a stimuli and a corresponding reaction. Stalkers use Sensitization to psychologically abuse a victim. For example, if a stalker constantly harasses a victim while wearing a blue baseball cap, then overtime the victim will begin to believe anyone wearing a blue baseball cap is a stalker and is coming to harass. Sensitization undoubtedly creates an extreme level of fear in a victim, in direct fulfillment of the intentions of the stalkers.

MOBBING INCLUDING MOBBS PLANTING EVIDENCE AND BEARING FALSE WITNESS AT THE SCENE AND TALKIGN UP FALSIFIED EVENTS ELSWHERE LATER SUCH AS WHERES A STALK VICTIM IS HEADED TO.

Mobbing is a term that describes “Group Bullying”. Of itself, Mobbing is not equated with gang stalking. However, Mobbing may be a tactic used by the perpetrators of gang Stalking.

“Flash mobbing” is an event occurring when a targeted individual is spotted in society. Their photo and location is immediately and simultaneously sent out by cell phone text messages and Internet email to all gangstalkers within a certain radius. All gangstalkers then suddenly descend upon the target as a mob.

Various sources

When you frustrate someone, you do your best to annoy, confuse, or even torment that poor person.

sensitize cause to sense; make sensitive

Frustrated is an adjective that describes feeling disappointed and unsuccessful. If you try to fix your car for hours and hours but it still won’t work, you will feel frustrated.

Trauma tends to come on all at once and be quite serious. Someone who experiences trauma will have either a traumatic injury or traumatic distress.

Sexual abuse is any form of sexual violence, including rape, child molestation, incest, and similar forms of non-consensual sexual contact. Most sexual abuse experts agree sexual abuse is never only about sex. Instead, it is often an attempt to gain power over others.

Street Theater

Street Theater is a term used to describe the odd-actions and behaviors that stalkers do in public, in an attempt to rile the victim.Such behavior often borders on the extremely bizarre and is aimed at a blurring of the boundaries between reality and fantasy in the minds of the victims.

Examples of Street Theater: Baiting, Brighting, Color Harassment, Convey, Directed Conversation, Ghosting, Mimicry, Noise Campaigns, etc.

Variations of Gang Stalking Gas-Lighting

The term Gas-Lighting originates from the 1944 film Gaslight. In the movie, the character of Gregory Anton, played by actor Charles Boyer, attempts to drive the character Pauline, played by actress Ingrid Bergman, insane. The phrase Gas-Lighting has come to mean similar actions and behavior, as used in the film, against a victim. “The White Glove treatment”

“The White Glove Treatment” is slang for Gang Stalking as jokingly referred to by the Masons who either participate in, or know of its usage against so-called “Enemies of Freemasonry”.

[Note: The phrase “The White Glove Treatment” is not limited to Freemasonry, as members of similar groups and organizations often practice Gang Stalking.)

Ritual Gangstalking

Reportedly performed by cults and secret organizations such as Satanists, secret orders of free masons, some voodoo /obeah practitioners and Scientologists as a means of control or for punishment. “Ritual abuse” is incorporated into “ritual gangstalking” patterns in this case.

Cybergangstalking

A situation where an individual is identified to be a target through Internet participation and their personal identity is determined. Cybergangstalkers pierce the electronic veil and are able to enter into the real life of a person, creating all forms of harassment, theft, psychological operations including slander and libel, and able to commit crimes against the targeted individual.

I will cover more information about this subject and other related topics in future articles. If you or someone you know are victims of gangstalking or any other form of malevolent harassment, feel free to contact us. We are here to help.

Neuropsychological & Electronic No-Touch Torture Report by Dr. Robert Duncan (used on targeted citizens here in the U.S.) SERE training (Survival, Evasion, Resistance and Escape) MAR 30 2015

The Executive Summary: Neuropsychological and Electronic No-Touch Torture Report Based on “The Torture Memos” and the Senate Intelligence Committee’s Declassified “Torture Report”

Perspectives on Enhanced Interrogation Techniques Project Proposals for Google Summer of Code 2015 By Robert Duncan, A.B., S.M., M.B.A., Ph.D.

“The United States is number one in torture since they are currently the world’s only superpower.” 04/2015

Torture is a horrific topic and most minds will turn away from it because it can’t be comprehended that humans can be motivated, or computer programs can be run to do this to other sentient beings. Just when we believed we were becoming more civilized as a culture, the technology for torture has advanced more than a hundred fold in recent decades.

This summary will get into ‘the minds of the dishonorable monsters’ of the psychology of torture. Those like Dick Cheney who helped authorize it under certain administrations and regimes of the U.S. government which have been proven to be criminal under U.S. law, treaties, and the International Criminal Court. There are many people involved in the conspiracy and cover-up including General Hayden.

The full report discloses the spectrum of techniques of interrogation and torture used by the U.S. and its allies. The United States government will officially deny the claims of this “no-touch torture report” but in time it will stand firm.

The technologies used are still classified as state secrets and will not be discussed in this summary. The torture methods have been leaked through thousands of American citizens who have survived the no-touch torture programs. The research and testimony has been accumulated since 2002 and merely used as examples but the names of the victims are withheld.

This report will not use skewed, misleading language such as “enhanced interrogation” to describe the torture techniques. Why torture? The CIA claims it works. The assumption is that it works to gain actionable intelligence. Torture is often used for revenge, punishment, interrogation, and behavior modification. In other terms torture is used to remove the continuity of thought to confuse the target to reveal information, erase brain patterns such as values and beliefs, or to break down the human spirit to make them submit and obey their handlers. The downside of torture is that the countries that do it lose “moral soft power” in world politics. Without due process, over 25% of those reported in the Senate Torture Report were declared innocent. Blowback is always a repercussion of torture. Torture often takes a long time to affect the target from months to years. Torture has shown to be unreliable except for getting false confessions and bad information but the U.S. and its allies are improving on their tactics and techniques.

The purpose of this report is to draw the parallels between physical torture techniques and no-touch torture methods used in secret by governments who possess the technologies that still go on today. This is a brief summary of offensive psychological and information warfare methods using traditional methods and modern cybernetic techniques while exploring hyper-game theory to walk the target to the desired path: leak intelligence, commit assassinations, or change beliefs.

Numerated Torture Methods for Interrogation and Behavior Modification (A comparison between physical and no-touch torture tactics)

1. Induction of Depressive/Manic states

   The idea is to shake up the emotional states of the target because different information can be accessed at each state. Making the target feel despair and helplessness is the objective. This cycle of hope building and then breaking is done in many ways. The techniques between the physical methods and the no-touch technological methods are similar. Speech is very important during this process of emotional manipulation. Such examples are, “We have imprisoned you without due processes or hope of it. You are indefinitely detained.” Hope building examples include, “Sorry. We have mistaken you for someone else. You will be compensated for false imprisonment and torture.” The main difference between the cybernetic technology and physical is that emotional state clusters can be entrained into the target mind which speeds up the process. The communication is done differently but perceived as human speech. In the no-touch torture methods it is helpful if the target is labeled with mental illness that is being created for discrediting purposes so as not to draw human rights groups’ attention.

2. Memory Erasure

   The military and CIA have been researching memory erasing drugs for half a century. The focus of this summary report is on interrogation. Memory erasure is an important technique during interrogation. It is used in combination with sleep deprivation. There are many drugs that have been developed for physical memory erasure. One such interrogation method requires acquiring information from the target while on these drugs and recording the subject. After a sleeping cycle, the interrogator claims that the target has confessed. Of course the target remembers nothing of their conversation. The interrogator will play samples of the subject’s conversation back to them making the subject believe that the interrogator knows more than they do. Similar techniques are used in the wireless, no-touch torture and interrogation programs. The cybernetic methods of memory erasure have additional purposes. The memory erasure can be used on the cybernetic target to make the target believe people have broken in and moved their belongings. While physical black bag jobs do occur, it is a way to make the target more paranoid.

3. Electricity and Shocks

   Pain and fear of death are common tactics during interrogation. Shocking by electricity is a traditional method of torture and exposed in the CIA’s secret prisons. Shocking the testicles and nipples are the most common due to their sensitivity. Interestingly, the thousand of interviews of no-touch torture involves “stings” and “shocks” to various parts of their bodies over long durations.

4. Fear and Terror

   There are many techniques to induce extreme fear in the target. In physical renditions dogs, power drills, guns, insects, mutilation, blow torches, water boarding, suffocation, mock burials, and mock executions are just a few the United States government have used. Remember that many targets of torture die from the physical effects. It is torture to death.

Let us compare the no-touch torture methods used to inflict the same terror and mental anguish. In several of these techniques the target needs to hear their handler's voice. This report does not describe the technologies used to broadcast voices to the target at a distance. While the subject can be broadcast mental images to their mind using hypnosis and other suggestions as well as visual entrainments, the more invasive controls of the brain manipulation technologies can be used to entrained the brain's autonomic nervous systems such as not breathing causing the target to not be able to sleep from fear of suffocation equivalent to water boarding. The neural linguistic programming can add fears such as heart attack, stroke, and cancer threats. Even motor cortex mapping can cause twitches in any part of the body. One example used a swift neck movement with a voice transmission, "We are trying to break your neck." Directed energy effects such as Active Denial System can make the target feel that they are on fire indefinitely without the target dying from burns. Maximum pain and torture weapons have been evolving. Every drug effect can be artificially induced into the target mind including those of poisons.

5. Imprisonment and Isolation

Isolation is commonly used as punishment in prisons. Many whistleblowers like Bradley Manning suffer this condition. In soft interrogation it is used to get the target to talk to their interrogator since humans have the need for companionship. In no-touch torture the target is driven from their friends and family using different techniques in order to isolate them so that the electronic mind control has more effect on their psyche. Like in Guantanamo, the target becomes isolated losing their job and medical care. Part of the method involves slander in their community. They end up on the most part in poverty and paranoid about doctors and other people from false correlations that are purposefully induced into their lives. Isolation is also a form of sensory deprivation which will be discussed later. Days and weeks lose their meaning.

6. Sexually Disturbing Tailored Pornography

The Summary of the Senate Torture Report disclosed the disgusting revelations that in the secret torture prisons the targets were forced to perform homosexual acts on each other against their will and religion in order not to be beaten or killed. This is a common break down tactic of belief systems and the human will. In no-touch torture the techniques are more psychologically specialized for each target. Most common examples include homosexual targets that are forced with voices that are derogatory to their lifestyle and similar mental images. Almost all targets are forced to view child pornography in their minds. And vice versa is true, that heterosexual targets are forced to view homosexual sexual acts like in the secret U.S. torture prisons.

7. Mutilation

Also mentioned in the declassified report on torture was mutilation of the human. Cutting the naked target's penis and scrotum, pulling nails or teeth is common. In no-touch torture mutilation is done by trickery. Let us look at a couple examples. There have been several targets who believed that the microwave hearing effect and other voice induction methods were done by microchips implanted in their teeth or ears. They had all their teeth pulled because they believed it was a technology called bone conductance. Others have poked out their ear drums in the belief they had micro implants in their ears. There are many more examples of trickery used to make the targets mutilate themselves.

8. Personal and Spiritual Defamation

In physical torture the CIA and other groups use propaganda and defamation of character for those they oppose. For detainees they try to disenfranchise the target from their religion. They will defecate on their Bible or Koran for example. They might say, "Why is your God not saving you?" In no touch torture and behavior modification they might try to make an atheist believe in god. It is just a mechanism to alter belief systems for control and experimentation. Perhaps the target may wish to confess their secrets to a "voice of god weapon". Information warfare covers the gamut of electronic communication as well. The government training exercise uses language like "befriend", "infiltrate", "mask/mimic", "ruse", "set-up", "disrupt", "create cognitive stress", "use deception", "ruin business relationships", and "post negative information on appropriate forums" - in a malicious effort to target bloggers, activists, journalists, social event organizers and anyone else deemed to be a 'emerging leader' or voice in the public sphere. 9. Psychological Intimidation

This is a topic for a target at the beginning of the trials and programs. Physical break-ins are common even if the target has an alarm system. The NSA has used stalking of foreign officials in the past for economic gain. The FBI does black bag jobs to invade a home without a warrant. The point is to let the target know they are being watched and to increase their paranoia. The NSA easily hacks all computer systems and causes harm to the victim's intellectual property and their relationships from that endpoint. In the no touch torture false correlations between pain and a neighbor coming home can be induced.

9. Rape

Rape is a common practice in torture. It causes much psychological trauma. In the United States methods of rape in their military and CIA secret prisons it is often relabeled. It is commonly done by prods but "rectal rehydration" is the more common misnomer. Often they call it forced feeding through the rectum but it is meant to induce psychological scaring and trauma. Several have died from the technique due to rectal bleeding. In no-touch torture the psychological trauma of simulated rape takes on different forms. Using technique often called EEG-heterodyning the targets will receive molestation effects of their genitals. In men this can be the anus and genitals. Similarly women can be wirelessly raped by the analogous function of perception.

10. Dietary Manipulation, Forced Weakness and Sickness

The idea behind dietary manipulation is to weaken the target. This is easily done in a physical setting but in no-touch the hunger trigger needs to be suppressed. Sometimes a false correlation between eating food and sickness is induced to make the target believe they are being poisoned. However, poisoning is common in physical renditions too.

11. Repetition

Verbal breakdown is most important during interrogations and torture. Obviously speaking the language of the target is necessary. This is why there are interrogators in all languages. Repetition is an important neural linguistic programming interrogation tactic to influence the target mind. During the breakdown process, threats to kill and to torture the target's family or friends are common. Repetitious questioning and

breakdown phrases are automated in both the physical and no-touch versions of torture. An interesting technology that is used for no-touch torture is called chatter bots. Chatter bots, an artificial intelligence program, automate much of the repetition so that the interrogators don't drive themselves crazy during the neural linguistic torture and programming phases. Let us not forget the Chinese Water Torture, a single drop of water on the forehead of the detainee for months. Repetition is a form of torture.

12. Sensitization of Pain Impulses

While the reverse can be obtained, optimizing perceived pain and misery is the objective in torture. Each trauma adds to the overall misery throughout life. Optimization of pain has been studied by the military and intelligence agencies. In the past the CIA has used drugs such as LSD to enhance fear and terror in the subject. Other methods such as hypnosis can increase perceived pain and the power of suggestion such as telling the subject his pinky finger is going to be cut off before it is done. In no-touch torture the same psychological manipulations are exerted. Subliminal and overt suggested are often told to the subject before the directed energy or EEG heterodyning pain inductions in order to maximize their effectiveness.

13. Sensory Overload and Deprivation

Again, this technique of overloading or depriving the human of sensory stimulus is ubiquitous in torture around the world not just in U.S. secret prisons. Torture subjects in the United States have reported the use of repetitive bad music and noise campaigns. An unusual torture technique used in the U.S. secret prisons was of a use of a plastic suit filled with ice while they beat the target. Ultra bright lights for days on end in the prison and hot/cold temperature changes in the environment are frequent. In no-touch torture, the target's brain is forced to release dopamine which causes pupil dilatation. This acts as a sensory overload. For example the non-lethal microwave weapons research done by a professor in University of Nevada has shown this capability. Body metabolism can be altered with these weapons causing cold and hot flashes. Targets of no-touch torture often hear endless tinnitus.

14. Sexual Humiliation and Lack of Privacy

Often used in common prisons is a lack of privacy. It is both necessity for security and a form of sexual humiliation. Also in prison many people are raped. No-touch torture offers the same sexual humiliation and lack of privacy by using through wall radar, cameras, and EEG visual cloning to let the target know they are being watched. Degrading comments are often used on the no-touch torture subjects while they are naked or in the bathroom.

15. Maximum Sensory Pain Techniques

Basic torture involves brutalization, i.e. physical strikes, kicks in the groin, pepper spray or tear gas, etc. Anything that involves maximum pain is the objective. Amazingly, these same basic tortures can be done wirelessly into the human mind. All forms of sickness have been reported without any real illness behind the suffering. All suffering can be entrained into the minds of no-touch torture subjects.

16. Sleep Deprivation

This is the number one torture method along with the popularity in the press of water boarding. This is done in every country that uses torture. The United States is number one in torture since they are currently the world's only superpower. A repetitive sleep deprivation cycle is generally done 180 hrs/7.5 days at a time in the physical renditions, or in no-touch torture five days awake and two days of sleep. Sleep deprivation accomplishes the objective of memory loss during interrogation and induces hallucinations which help with the interrogation process. In behavior modification and programming it is necessary too.

17. Stress Positions

Keeping detainees handcuffed above their head and to walls so that they must stand for days is a common ploy in torture. These types of poses are called stress positions. They can be mimicked in no-touch torture. An example of one such trick requires the target to believe they can deflect radar energy using pots or pans and that it is directional. The target is being given an ample amount of pain until their hands and arms are spread apart holding the pans trying to block the signals. They must maintain that position in order to get any relief from the torture signals. However the stress position itself is physical torture. Often accompanying this technique are voices saying to the target, "You are doing it to yourself."

We will finish off this summary of U.S. and its allies' torture, interrogation, and behavior modification experimentation with ideas of why they are done to the general public and falsely accused detainees. Anyone can be put into these programs. Justice and rule of law does not exist at the highest levels of government. Treaties are worthless because the #1 agreement in the rules of war, a ban against torture, is not obeyed. This creates a more brutal and barbaric society lead by example.

No-touch torture uses the same interrogation tactics as physical interrogations but with some new twists. Techniques such as "Jeff and Mutt" a.k.a. "Good Cop Bad Cop" are used. The bad cop tortures the target and the good cop tries to gain their trust. In mind control, trust games are commonly employed to manipulate the beliefs of the target. Creating hatred of groups through false correlations and deception is a common CIA method of trickery.

In the CIA programs, the target is put through these phases as written in the documentation, "Disorient and confuse the target. Use them for our purposes, and then dispose of them in any way possible." We can only surmise by our sample set of a thousand people what "dispose" means: prison, suicide, or perhaps a mental hospital. Coercing and torturing people to suicide is very common. Both tactics in physical or no-touch torture involves plausible deniability.

Again quoting by Offramp a Free Mason in a Free Mason forum

Predatory Gangstalking is also called “terror stalking”, “gangstalking”, “flash mobbing”, “cause stalking,” “hate stalking,” “multi-stalking, “happy slapping,” “workplace bullying, and “covert war.”

The reasons why it is employed?

You found the wrong forum on the internet and saw something you should not have seen; you worked for a company and found out some sensitive information; you got on the wrong side of someone who is a member of the vast satanic or luciferian cabal; etc.

What does this have to do with the field of the paranormal?

On a macrocosmic level, preternatural beings are the driving force behind activities such as gang stalking. The destruction of a person feeds them. It also fits in with their overall agenda. People who are victims of gangstalking are people who pose a threat to the goals of the dark principalities.

In addition to being stalked by large groups of people, malevolent/demonic entities may be attacking you in the night, and disembodied voices may be harassing you at all hours. Though seemingly unrelated, all of these subjects tend to be connected.

The goal of Gang Stalking

The *expressed* [including to me Edward Paul Donegan] goal of Gang Stalking is to silence a victim, drive a victim insane and possibly to the point of suicide, or destroy the victim’s reputation and believability as **the person will likely be viewed as mentally ill should they complain or report the abuse**

Gang Stalking is also used to gather information on individuals as well as force individuals to move or leave an area.

Motivations for the abuse

Motivations for Gang Stalking vary.

Revenge for a real or imagined offense (People in these organizations are quite petty, mirroring their preternatural handlers); false accusations of a “horrible crime” [or horrible mental disease] of which the victim has gotten away with (Used to discredit the victim and destroy his/her reputation); silencing a corporate “whistle-blower”; defecting from a cult; a perceived enemy of a group or organization; “knowing too much” are all examples of possible motivations.

Edward Paul Donegan asserts a a Conspiracy Against His Rights Under Color of Law and including Religious, Reproductive, and other fundamental rights

An Office Mob combined with Maladministration of properties such as private home or public library are tyuing me to misconduct I am not tied to to toxify my presence and undermine to the point it is too hostile, too abusive, to conflict ridden, too secretively inhospitable to access I can not use the location.

An agent provocateur (French for “inciting agent”)

> is a person who commits or who acts to entice another person to commit an illegal or rash act or falsely implicate them in partaking in an illegal act, so as to ruin the reputation or entice legal action against the target or a group they belong to. They may target any group, such as a peaceful protest or demonstration, a union, a political party or a company.

Exploitable females are planted near me on treadmills in front of me, walking in front of me, in other part of an apartment building such as a common area lawn, trespass on my property or field of hearing or vision in some way.

The are Shills, fake victims. I am coyly asked "were you just at the gym?" as someone pops his one hand that is a fist into the open palm of his other hand.

Confronted the person will say asking me about the gym was no allegation at all about me and that is correct. To others I am now linked to an accused impropriety at the gym I had been at as it is asserted peeping or other behavior is in my character.

Why Is This?, Bizarre and ethnic and sexual harassment in gyms, office and home?

Gay women and non whites took over gym positions and setup Doppelgangers of me to photograph women or plant them in front of me. Later I figured out why scuzzy people approached all reproductive age women with phones. I thought they might have been claiming i was on the phone, 5 and half years after I first saw it I found out, best quess, the women were showed peeping photos alleged by me.

"According to Brian Glick, in War at Home, COINTELPRO used a broad array of methods [under-cover across locations of a police harassment victim, including:"

1. *Infiltration*: Agents and informers did not merely spy on political activists. Their main purpose was to discredit and disrupt. Their very presence served to undermine trust and scare off potential supporters. The FBI and police exploited this fear to smear genuine activists as agents.

2. *Psychological Warfare From the Outside*: The FBI and police used myriad other "dirty tricks" to undermine progressive movements. They planted false media stories and published bogus leaflets and other publications in the name of targeted groups. *They forged correspondence, sent anonymous letters, and made anonymous telephone calls. They spread misinformation about meetings and events, set up pseudo movement groups run by government agents*, and MANIPULATED OR STRONG-ARMED PARENTS, **EMPLOYERS, LANDLORDS, SCHOOL OFFICIALS** AND OTHERS TO CAUSE TROUBLE FOR ACTIVISTS.

3. *Harassment Through the Legal System*: **The FBI and police abused the legal system to harass dissidents and make them appear to be criminals**. Officers of the law *gave perjured testimony and presented fabricated evidence as a pretext for false arrests and wrongful imprisonment*. They discriminatorily enforced tax laws and other government regulations and used conspicuous surveillance, ‘investigative’ interviews, and grand jury subpoenas **in an effort to intimidate activists and silence their supporters [and silence or discredit critics of FBI and CIA officials]**.

4. *Extralegal Force and Violence*: **The FBI and police threatened, instigated, and themselves conducted break-ins, vandalism, assaults, and beatings. The object was to frighten dissidents and disrupt their movements**.

[*All of which Jen Moore and Edwward Donegan have suffered and reported, now Jen Moore deceased.]*

In the case of radical Black and Puerto Rican activists (and later Native Americans), these attacks-including political assassinations-were so extensive, vicious, and calculated that they can accurately be termed a form of official 'terrorism.'".The FBI also conducted "**black bag jobs**" [break-ins or illeal access to home or office to plant or steal of vandalize or search], warrantless surreptitious entries, against the targeted groups and their members. Source: COINTELPRO - Wikipedia, the free encyclopedia

From its inception, the FBI has operated on the doctrine that the "preliminary stages of organization and preparation" must be frustrated, well before there is any clear and present danger of "revolutionary radicalism."

At its most extreme dimension, political dissidents have been eliminated outright or sent to prison for the rest of their lives. There are quite a number of individuals who have been handled in that fashion. Many more, however, were "neutralized" by intimidation, harassment, discrediting, snitch jacketing, a whole assortment of authoritarian and illegal tactics.

["Snitch jacketing is a Lockstep of tracker snitches following, harassing, lying about, being a nearby to the victim system of police harassment or police abuse through the use of snitches as proxies.]

I have subjected to COINTELRPO for decades, that tweet from Tom Dunham 8 years ago and hundreds of openly FBI acts since then and fifteen years before it now leave the question "why?"

Because always someone like me in appearance or a like a belonging of mine such as a motorcycle with GoPro for recording scenic rides is peeping that activity that was not me will be linked to me by the original identity thieves group or by those who see evidence provided by identity theft group who use their own shills to try and look like me as that shill engages in misconduct.

SUBVERSION (SUBVERT OR DESTROYING A PERSON OR COUNTRY VIA SOME MEANS OF SABOTAGE)

Subversion of one path of governance to support a different one by covert operations are part of Psychological Warfare

- **Assassination of Officials**: Making room for new leaders or eliminating problematic ones who will be replaced by compliant ones.
- **Assassination of Journalists**: Making room for new leaders or eliminating problematic ones who will be replaced by compliant ones
- **Smear Campaigns** creating a derogatory Legend about a person.
    - **Falsified or wrongfully explained records** including real records that actually resulted from unfair treatment of a person and that person was blamed and is now being re-victimized.
    - **Forced-Teaming** places a person being subverted with some toxicity like someone appearing to be foreign spy or abuse child creating an appearance of the person being subverted having linkage to that toxicity.
    - **Confusion and Improper Linking** Liked with Forced-Teaming a subverted person with some form of toxicity manufacture vauge links through intermediate linkages like presence as a location or color of shirt worn or similar sounding statements several people spoke can create confusion or blue as to who is excatly linked to what via the smog of war in trying to trace links across intermediate elements.
- **Abuse by Something said by others nearby in passing"** PHRASE *If you mention something in passing, you mention it briefly while you are talking or writing about something else*."

  Edward Paul Donegan asserts accomplices will while talking to each other as an abuse victim is near will use conversation to each other to make an audible abusive and incorrect slanderous statement while passing by a person that they will assert (if asked by the abusive comment victim) their comments were NOT directed TOWARDS or ABOUT the abusive comment victim though in fact the abusive slanderous statement was both TOWARDS a person being passed on the street and ABOUT a person being passed by on the street. #SmearCampaign #InstigationOfConflict

GANGSTALK, ORGANIZED STALK, CRIMINAL SYNDICATE, MAFIA

An alliance between agencies like the FBI or CIA with mafia groups. This differs from simple contracting for hits, shot-callers of mobs bring their mobs into alignment with Espionage Agencies in return for favors, profits, etc., Neighborhood Watch groups are common sources of alliances for FBI and CIA as are mental health services clients or family members of Espionage agencies who will act out scenarios under cover as normal pedestrian or office workers presence.

Syndicate

- a group of individuals or organizations combined to promote some common interest. *"large-scale buyouts involving a syndicate of*

financial institutions"

- control or manage by a syndicate. "the loans are syndicated to a group of banks"
- **Criminal Syndicate** - State Sponsored Mafia. "*Bank of Commerce and Credit International (BCCI) was one of the most crime connected operations and was tied to William Barr.'"*"
- **Syndication** in Media - Broadcast syndication is the practice of leasing the right to broadcasting television shows and radio programs produced by others to multiple television stations and radio
- **Racketeering Influence Criminal Organizations (RICO)** Legitimate appearing organizations who in in conjunction with their entity are using ties to criminal entities. Those entities may be anti-union thugs, hit-men, arsonist, or other forms of groups such as gambling, human trafficking, etc., when the legitimate enterprise needs to contract or combine with criminal operations but does not have the capability in-house.

HARASS

Criminal Harassment under Color of Law prevents harassing any Constitutional right such as the safety of the home, effects, and papers from unreasonable search, seizure, or tampering, or the harassing of any other right up to including the crime of assassinating a journalist is furtherance of insulating corrupt acts from exposure to the public.

Sexually Abusive and Harrassing Pestering. "What does pestering someone mean? To worry, annoy, harass, harry, plague, pester, tease mean to disturb or irritate by persistent acts.

Treating me like a pedophile, teenphile, gym clothes wardrobe malfunction peeper, etc, and thanking me for my agreeing to that when I don't or forging through an impersonator of me a confession I have not made and do not agree to are abusive and a Criminal Syndicate.

INCITE OR SUBORN OR OBSTRUCT

- *Incite* - transitive verb. : to move to action : stir up : spur on : urge on.
- *Suborn* - bribe or otherwise induce (someone) to commit an unlawful act such as perjury or Obstruction of Justice.
- *Obstruct* - block (an opening, path, road, etc.); be or by some means get in the way of including Justice. Faking evidence in any matter of legal proceedings including investigations, altering or forging of will after the fact, or intimidation or other acts in the legal system obstruct justice in the legal system.

VEILED ACTS, VEILED AGGRESSION, AND VEXATION

Veiled concealed acts of aggression may vex someone as a pervert or creep and forced-team them with victims staging acts of predation or attempts to catch or retaliate against predation. It may be claimed as a grey ares if a smear campaign has successfully raised a cloud of suspicion as to whether a trap should be baited. As will all matters in law and science the totaliaty of the motives and actions and even state of minds may need to be examined to find the real reason for government cover operation .

NOUN: CAMPAIGN; PLURAL NOUN: CAMPAIGNS

Definitions from Oxford Languages

- an organized course of action to achieve a goal. "*the campaign for a full inquiry into the regime*"
- a series of military operations intended to achieve a particular objective, confined to a particular area, or involving a specified type of fighting. "*a desert campaign*"

Edward Paul Donegan, Micheal Hastings, and Ted Gunderson and others assert the FBI are on a campaign to kill journalists working on the stories of MKULTRA including areas covered by the Truther Movement, the Birther controversy, CIA assassinations, and the JFK and RFK and MLK and Malcom X and Marilyn Monroe and Dorothy Kilgallen assassinations, and that the kinds of open threats from today's powerful elite DHS FBI CIA and NSA and Executive officials continue the cover-ups.

All like Marilyn Monroe threatened to go public as Ted Gunderson did and Jen Moore did and Dorothy Mae Kilgallen Born: JULY 3, 1913, Chicago, IL Died: November 8, 1965, Manhattan, New York, NY was going to to and Micheal Hastings and Victoria Windsor were going to do and Andrew Breitbart were going to do.

Ed Donegan (me) is continue to try to go public with his asserted facts as well but I face serious threats from a Modus Operandi toxifying and thus eroding my activities in life.

MODUS OPERANDI

The term "modus operandi" is a Latin term that describes an individual or group's habitual way of operating, which represents a discernible pattern. A modus operandi (commonly abbreviated as "M.O.") is mainly used to discuss criminal behavior and is often used by professionals to prevent future crimes.

Dismissing people as Conspiracy Theorists, sex predators, schizophrenic, etc., is achieved by Accomplices to the illegal operation staging information to toxify and and thus erode the journalist preventing rental of offices or homes, interfering and vexing library usage, etc.,

Veiled Aggressive acts usually define a person's rightful typical acts as an atypical event. If I work out teens are added around me and people from the community acting like my park usage is an excuse to be near children. Same with library, etc., It is abusive treatment of me at the scene and also threatens future use of library, gyms, etc.,

ACCOMPLICES

Under the Texas penal code a person is “criminally responsible for a crime committed by the conduct of another” if he or she acts “with intent to promote or assist the commission of the offence, he solicits, encourages, directs, aids or attempts to aid the other person to commit the offence.”

An accomplice is defined as a person who knowingly, voluntarily, or intentionally gives assistance to another in (or in some cases fails to prevent another from) the commission of a crime. An accomplice is criminally liable to the same extent as the principal. An accomplice, unlike an accessory, is typically present when the crime is committed.

Jurisdictions will sometimes differ as to the definition for knowingly. Generally, knowingly is enough for the person to be aware of a specific fact. For instance, in the Court of Appeals case, State v. Allen, the court instructed the jury that a person acts “knowingly” with respect to a fact or circumstance when they are aware of that fact or circumstance.

See, e.g. Waddington v. Sarausad, 129 S.Ct. 823 (2009)

CUT-OUTS

Cut Outs are a Military Intelligence *Term-Of-Art* for spying in which a spy cuts out direct contact with an asset and uses inter-mediated contact instead; for instance, a spy asks an asset to drop files stolen from the assets military agency into a drop site and then leave so later the spy can go to that drop site without the asset present and collect the file. The drop site is the intermediate receiver and deliver of the stolen materials being passed to a spy.

Improper links including *Mirrored activity* can create confusion one direct links are removed. More than one person may go to a single drop site and drop files, and thus the person collecting the files may collect the wrong ones, several drops sites may be used and and confused with each other so it will seem one person picked up files at one drop site when in fact that drop site became intentionally confused with another, etc..,

Plausible deniability retrieved from From Wikipedia, the free encyclopedia and copied or modified to here

Plausible deniability is the ability of people, typically senior officials in a formal or informal chain of command, to deny knowledge of or responsibility for any damnable actions committed by others in an organizational hierarchy because of a lack or absence of evidence that can confirm their participation, even if they were personally involved in or at least willfully ignorant of the actions. **If illegal or otherwise-disreputable and unpopular activities become public, high-ranking officials may deny any awareness of such acts to insulate themselves and shift the blame onto the agents who carried out the acts, as they are confident that their doubters will be unable to prove otherwise**.

The lack of evidence to the contrary ostensibly makes the denial plausible (credible), but sometimes, it makes the denial only unactionable (Obstruction of jusstice, lying to investigators).

> There are a number of specific causes of action, including: contract-based actions; statutory causes of action; torts such as assault, battery, invasion of privacy, fraud, slander, negligence, intentional infliction of emotional distress; and suits in equity such as unjust enrichment and quantum meruit.

The term typically implies forethought, such as intentionally setting up the conditions for the plausible avoidance of responsibility for one’s future actions or knowledge.

In some organizations, legal doctrines such as **command responsibility** exist to hold major parties responsible for the actions of subordinates who are involved in heinous acts and **nullify any legal protection that their denial of involvement would carry** [part of the denial of State peeping acts is treating me or my property like a peeper WITHOUT calling me a peeper ever to my face..

In politics and espionage, deniability refers to the ability of a powerful player or intelligence agency to pass the buck and to avoid blowback by secretly arranging for an action to be taken on its behalf by a third party that is ostensibly unconnected with the major player. In political

campaigns, plausible deniability enables candidates to stay clean and denounce third-party advertisements that use unethical approaches or potentially-libelous innuendo.

Although plausible deniability has existed throughout history, the term was coined by the CIA in the early 1960s to describe the withholding of information from senior officials to protect them from repercussions if illegal or unpopular activities became public knowledge.

Heated Debates inside CIA Diaspora regarding Ted Gunderson

The debate is over a case much like McMartin, and possible CIA role in abuse of children in a community and whether the Vatican had a role in this.

MURDER OF SUNNY BONO

Ted Gunderson did not believe that Congressman Bono died accidently and the Catholic congressman Bony did attend some Scientology though always asserted he was Roman Catholic and was aslo anti mafia and anti drug dealing introducing Further Reading

MC MARTIN PRE SCHOOL

The school founded in 1966 in Manhattan Beach Los Angeles California was part of MKULTRA, the Manhattan Project, and studying eugenics and child development by the CIA studying children in that area, area of acting and voice coaching, the speech defect included FOXP2 Syndrome

JEFFERY MACDONALD

A Catholic Green Beret doctor whose family was killed. He had attended Columbia Presbyterian Medical school and his wife was part of underground eugenics studies whose daughter showed symptoms the CIA Mafia needed to hide.

MARYLIN MONROE

FOXP2 person tied to others like Joe Dimagio and Albert Einstein and JFK and RFK. She was silenced too by the CIA mafia and again Gunderson knew the Mafia was behind it.

MURDER OF RFK AND JFK

He never doubted these were mafia international black opps assassinations.

HIS OWN MURDER

He asserted he was being poisoned and I believe on many basis. He cited the DOD MKULTRA killing machine being used of GangStalk guerilla warfare inside the USA by the NWO

The Franklin Cover-Up

Child Abuse, Satanism, and Murder in Nebraska by John W. DeCamp (Author)

A banner-headline story in the Chicago Tribune of May 17, 1991, "A chilling tale of child abuse no one can prove," gave typical coverage of the debate over whether or not children are being abused by satanists:

> All nine children tell the same story, a grisly tale of being taken out of school and abused in a blue house. They name the same culprit, a school administrator who performs satanic rituals as part of his twisted routine. In the 14 months since the first child came forward, police said they have conducted 150 interviews and cannot substantiate the claims of the children, who range in age from 5 to 9.
>
> Prosecutor Stanley Levco is more blunt: He doesn't believe them, and he plans to publicly clear the accused. But the children's enraged parents believe them. And a once-skeptical psychologist also thinks they are telling the truth.
>
> All agree the children have been traumatized. The problem is, no one can prove how. 'In all these cases, I don't know of a single shred of credible, corroborating evidence,'Levco said. . . .

The stories of the Evansville children reflect a recent, bizarre trend in child abuse cases across the country. As more children are encouraged to step forward and expose adults who hurt them, police are encountering more cases of child abuse accompanied by allegations of occult rituals.

The Tribune cited Kenneth Lanning, the Federal Bureau of Investigation's expert on occult crime, on the virtual nonexistence of ritualistic abuse. Lanning, who has publicized his opinion that "more people have been killed in the name of Jesus and Mohammed than in the name of Satan," said on this occasion, that there had "been only one criminal conviction stemming from charges of satanic ritual abuse in the U.S."

As best I can tell it Gene "Chip" Tatum is accurate and highly informed, Gunderson is, most of his sources are, but Gunderson like Colby were parts of an operation that book ended the Kennedy administration from the Deep State and thus Gunderson IS Vatican Assassins connected as Colby was, and the JFK admin was. Over time Colby, JFK, RFK all were backing out but the CIA took action against them, including Colby. RFK didn't know the details he was hit when the CIA (McCone) did start to tell him. The Family Jewels Program even LHO talked about was Jesuits based among other participants.

Timothy White, exposes himself as an attack dog for Vatican agents, John DeCamp and Ted L. Gunderson.

So the threat shapes up John Decamp and Gunderson as allied, Tim White hostile to both of them.

John Decamp was part of an operation to fly children from Vietnam that sounds like a program my mother Glorian Donegan participated in. Eurasion Children (White or Black US Soldiers impregnating Asian women) were often rejected in Vietnam. There were flown to the USA to be adopted by welcoming families. Glorian Donegan wife of James Paul Donegan flew free on any major carriers space available and airline wives were used to escort children on the flight.

Here are some comments from this group and info and infighting.

One email from John DeCamp (Ex Cia aid, ex senator, attorney, author, etc) and another email from this Timothy White who I don't know much about except there's a very long thread about him at the Unhived Mind Forum. (But I'm finding a lot of information about him that I can verify to be true. like harrassing, threatening emails. Ha! Timothy White, You really have the wrong guy to be trying to threaten. Look in the left hand column for more.)

>
> Please follow all this. I believe this is very important stuff I'm covering. The info I present is all sourced. I am convinced that DeCamp is part of a huge cover-up. The way it seems to me is that this Timothy White is some kind of plant trying to cast doubt and/or suspicion on people's accurate reporting. Show me exactly which part of my work is "dis-information" as this Timothy is so quick to charge.

HOODWINKED BY TED GUNDERSON ~Source

"I had worked with Gunderson for three (3) years between 1997-2000. I spoke with him at conferences; traveled with him to work on investigations in various areas of the country; did radio and TV interviews with him.

In February 1998, Insider Secrets of Government Corruption, a seminar given by myself, Ted Gunderson, ex-CIA operative Gene 'Chip' Tatum and Brice Taylor aka Sue Ford, at the Global Sciences Congress in Daytona Beach, Fla. was followed by a TV interview with Ryan Elliot of Chicago Health Television.

The taped interview was never aired by the station. The topics, which included firsthand testimony about CIA drug-running, assassinations and mind control and which named names of many criminals in government, including George H.W. Bush, was deemed too inflammatory for television.

However, Ted Gunderson and Sue Ford made large profits off bootleg sales of this tape (made by a back-up cameraman, Jon Gentry, working for Gunderson) while I received nothing, not a penny, for my work. Gunderson minions, such as Jon Gentry, Ted's videographer, and Ted's sidekick, Doug Millar, a low-level penetration agent for Division 5 of the Denver FBI and Domestic Contact Services (a CIA operation also run out of Denver) also pirated this tape, which has been sold all over the Internet, by many others, including charlatan and disinfo specialist David Icke, another Gunderson crony, copyright violations notwithstanding. The tape, under the title, Mind Control Goes Public, is even on sale at Aamazon.com. As long as they're making money, nobody cares.

I cut off contact with Ted Gunderson in January 2000, long before I talked to Jackie McGauley, after I uncovered my own evidence of his involvement in numerous scams; dirty dealings and COINTELPRO-style operations.

Gunderson in fact admitted to me, in a face-to-face conversation, at his son's home in New Jersey, in November 1999, that John DeCamp, author of The Franklin Coverup, was himself INVOLVED in the sexual abuse of children, after I confronted Ted about this and explained that I knew about it from another absolutely trustworthy source. This was the reason I was banned from Genesis Communications Network by Alex Jones in 2003, because I told the truth on The Floyd Report about Gunderson's and DeCamps's involvement in child sex slavery and pornography rings (including Operation Brownstone and CIA Finders); and also about Gunderson's dealings with Osama bin Laden, when he sold Stinger missles to him in 1979, while still working for the FBI. I have documentation for these facts." -Source Link
